

# FURNITURE INDUSTRY

in the Opolskie Voivodeship

Unit of Self-Government  
of the Opolskie Voivodeship

## Ladies and gentlemen,

If you keep this informer in your hands, it means that you are interested in investing in the Opolskie Voivodeship. It's a very good choice! Why?

Not only because we have well prepared investment areas in many locations, well educated and prepared to work in various occupations people, a dense network of modernized or constantly renovated roads or a highway perfectly communicating west and east. Also because we know how to make an advantage of the fact that we are the smallest region in Poland.

Thanks to this, it is easier for us to make joint arrangements and activities to best support our entrepreneurs. We also know better the companies operating in our region, their specificity and thanks to that we more accurately select everything that is hidden under the concept of post-investment service. And this is perhaps the most important thing: our support for companies never ends with your decision to invest in the Opolskie Voivodeship.

Our philosophy of business-friendly region is implemented at every stage of your business activity.

Therefore: we invite you to Opolskie!

*Andrzej Buła*  
*Marshal of the Opolskie Voivodeship*

# Furniture sector in the Opolskie Voivodeship

Furniture industry is an important pillar of Polish exports. In 2017 Polish manufacturers of furniture registered exports in the amount of 11,4 mld € achieving market share in the furniture market in the EU at the level of 9.5%. This result allowed Polish furniture companies to take the 3rd position under by value of furniture produced in the EU. One of the key centres of domestic furniture industry is located in Opolskie voivodeship. Local traditions of furniture manufacturing go backward 200 years. One can here find family-managed companies that have been in the business since several generations.

Located 45 km from Opole, the small town of Dobrodzień is regarded as the regional industry centre and is recognizable not only in Poland but also in Europe. Companies such as Kler, Lissy, Mebel Rust and DES have their operations here. Dobroteka also operates in Dobrodzień – selling products of several local brands under one roof and in the same time running R&D activity in the field of interior design. Dobroteka is an example of successful cooperation of local furniture manufacturers, contributing to the growth and recognition of this key sector of Opolskie voivodeship.

The sector has a wide range of support in terms of R&D and educational institutions. Universities of Opole, Gliwice and Wrocław ensure a steady supply of skilled engineers, technologists and designers.

Companies operating in the furniture industry can count on the support of Opolskie business environment institutions. These include: Opole Chamber of Commerce, Opole Business Centre Club, Chamber of Crafts in Opole, Chamber of Commerce “Silesia”, Science and Technology Park in Opole, Silesian Development Foundation, Kędzierzyn-Koźle Industrial Park, Regional Chamber of Commerce in Nysa, Association for Industrial Park Metalchem, Association for “Promotion of Entrepreneurship”.

The furniture sector in the opolskie region can count on a very developed road and rail infrastructure, wide availability of qualified staff and raw materials, as well as a convenient geographical location in the middle of Europe, which simplifies the logistics chain and reduces the cost of transporting goods to customers.

## Meble Karliczek

This plant was established in 1991 as a sole proprietor in which the owner personally performed carpentry services. Over the years, due to the high quality of its products, the company has gained good reputation. An increase in sales combined with the desire to provide solutions that are best suited for the customer's needs have forced the company to specialise in the production of bedroom and kitchen furniture to order, both on the domestic and foreign markets. For the sake of efficiency and good organisation, a production hall was built and huge investments have been made to expand a universal machine park with high flexibility.

### Products

Bedroom and kitchen furniture.
